

“As a single mom with 2 kids, receiving a car through the Wheels for Work program is going to make a huge impact in my life and my kids life.”

-Angelica

Angelica was living at the **Maryland Living Center**, at risk of losing her part-time job due to lack of reliable transportation. After receiving a car from **United Way’s Wheels for Work** program, she was able to continue her education, graduate and secure a full-time job with benefits making triple what she was. She is currently transitioning to independent living with guidance from **Community Action Partnership**.
